Dear Col Poll,

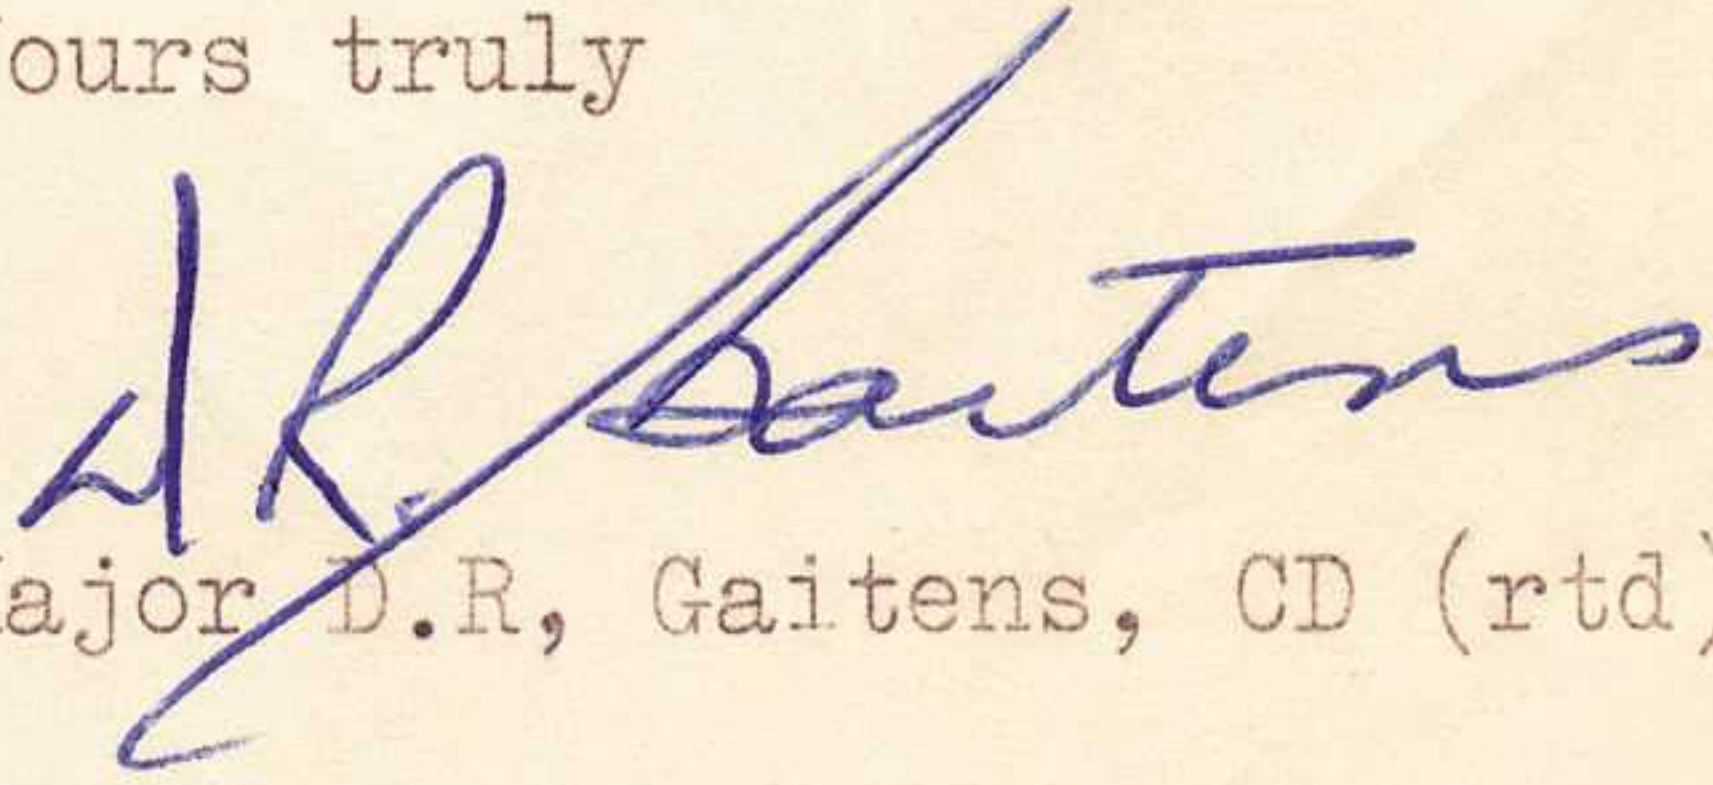

Further to our recent conversation concerning a friendly golf match with the Canadian Brigade.

I have discussed the matter with the Canadians and they state that the month of August would be the most suitable time for the match. Unfortunately they cannot at this time provide names and handicaps. However, they are certain that six officers in the handicap range of approximately 10 to 15 will be the make up of the Canadian team. The golf representative asked me to have you address your invitation as follows:

HQ 4 CIBG
CFPO 5050
476 Werl/Westf.
Germany

I have discussed the possibility of the competition with various officers here at the Brigade and everyone has shown great interest and are looking forward to the match. Trusting that this can be arranged satisfactory I remain

Yours truly
